

Flames reached high as an East Coulee trailer home was gutted by fire Tuesday afternoon. The Drumheller Fire Department and the East Coulee Hall, as well as Badlands EMS and Drumheller RCMP, were on scene shortly after 1:30 p.m. as the home at 6th Street in East Coulee spouted smoke across

the small community. As fire crews subdued the flames, bystanders said they had seen the resident leave Tuesday morning, and had only observed one of three pets leave the home. Cause of the fire is still under investigation.
